

N° 1230

The American Moderne-inspired No 1230 knob, consisting of intersecting stacked planes, recalls the work of Donald Deskey in the 1930s and Raymond Lowey's streamlined designs of the same period. The rectangular rose, with two exposed screws, continues the stepped motif. The knob can also be ordered with a stepped round rose with hidden fasteners. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. All NANZ finishes are available including polished brass, satin nickel, polished nickel and antique brass. The knob measures 3" x 1-3/8" with a projection of 2". A selection of related products is also available.

Length: 3" x 1-5/8"

Projection: 2-1/4"
