

N° 1237

The minimal formalism of the No 1237 knob is broken by a simple band around its circumference and is crowned with an elegant combination of ogees and reveals ending with a single understated boss. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. The knob is ideal for formal interiors and it can be paired with alternative rose designs in varying degrees of ornamentation. Cabinetry sizes are also available as the No. 8237. All NANZ finishes are available. It has a diameter of 2-1/4" and a projection of 2-3/8".

Diameter: 2-1/4"

Projection: 2-3/8"
