NANZ

N° 1310

The curved edge of the No 1310 Georgian knob rises to a shallow ogee surmounted by a sunken boss at the center. Seen from the face, it creates the effect of a bull's-eye. An architectural inventiveness appears in the repeated and varied molding details. The rose reflects the moldings while changing their proportions. The knob is available in 2", 2-1/4", 2-1/2", and 3" diameters, as well as smaller diameters suitable for cabinetry. For cabinet knobs, a selection of rose designs and backplates are available upon request at an additional cost. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. All NANZ plated and patinated finishes are available. Recommended finishes include burnished brass, pewter, antique gold and antique silver.

DIAMETER	PROJECTION
2"	2-3/8"
2-1/4"	2-1/2"
2-1/2"	2-5/8"
3"	2-7/8"
