NANZ

N° 1745

The No 1745 embellishes the cylindrical Bauhaus design with slender bands around the circumference of the knob, adding a visual complexity to the otherwise minimalist form. The cylindrical rose complements the shape of the knob. Full mortise entry entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Finishes available include polished chrome, polished nickel, satin nickel and polished brass, as well as all of Nanz's plated and patinated finishes.

DIAMETER	2"
PROJECTION	2-7/8"
