

N° 2012

The No 2012 lever, inspired by the French Moderne style of the 1930s, was designed for a New York City town house in 1994. The faceted handle, gently swelling and then tapering to a rounded end, forms a continuous curve with the shank. The lever is a marriage of composed functionalism and elegant design. Its linear form is best expressed in satin nickel, antique brass, polished nickel or pewter, but is available in a wide variety of other plated and patinated finishes. The handle, available in two sizes, can be paired with a variety of different roses. It can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. A selection of related products is also available.

Length: 4" 5-1/2"

Projection: 2-7/8" 3-5/8"

Lever Style: Modern, Simple

Collection: Octavio
