

N° 2015

The No 2015 typifies early French Neoclassicism, being more robust than the later Adam-inspired English Neoclassicism. Curling acanthus leaves entwine the classic shank. Large beaded rings distinguish the tapered handle, which terminates in a segmented dome. The round rose is also ringed by beading. Recommended finishes include antique gold, antique silver, pewter or burnished brass, however all Nanz plated and patinated finishes are available. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. A selection of related products is also available.
