NANZ

N° 2019

The N° 2019 organically-inspired lever's design originates from an eclectic period at the end of the 19th century, but is appropriate for modern interiors. This minimally detailed handle features soft lines culminating in an upturned, cusped end. It can be ordered with a host of rose designs; a cove and ogee rose is shown. The handle is available in our full range of plated and patinated finishes. It can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.
