

N° 2021

The gentle S-curve of the No 2021 features an upturned cusp at its end and a half-round reveal at its base. The compound details found in the rose contrast the organic geometry of the lever. Based on an organic form but modern in design, the handle can be used in a variety of interiors and paired with an array of roses. All Nanz plated and patinated finishes are available. The handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors as well as tilt & turn windows.

Length: 4-1/2"

Rose Diameter: 1-7/8"

Lever Style: Transitional
