

N° 2033

The No 2033 lever incorporates astragals and cusps in key areas of the design to contrast and emphasize the sweeping curve that dominates the handle's aesthetic. This motif is repeated in the rose. This lever can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. The lever is available in all Nanz plated and patinated finishes.

Length: 4-7/8"

Projection: 2-1/8"
