

N° 2035

The No 2035 lever, designed in 1992 for a residence in Greenwich, Connecticut, is inspired by the French Moderne of the 1930s. The gently curved handle with chamfered edges forms a continuous curve with the shank, which flares above a compressed sphere. The disk-shaped rose has a bullnose edge. The lever may be specified for use for multi-point doors, tilt and turn windows and traditional mortise locks. All Nanz plated and patinated finishes are available.

Length: 3-3/8"

Projection: 2-5/8"

Rose Diameter: 2-5/8"

Lever Style: Modern
