

N° 2060

The No 2060 lever was designed for a private New York club in 1917. The S-shaped handle with chamfered edge joins the barrel of the shank with a cove. The oval rose has two exposed screws. The restrained, tailored design is suitable for a variety of interiors. Recommended finishes include dark antique brass, polished nickel, antique nickel and burnished brass, though all NANZ finishes are available. A variety of rose designs are available for substitution with this handle. It can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.

Length: 3-5/8"

Projection: 3-1/8"

Backplate: 2-1/2" x 1-1/4"

Lever Style: Transitional
