

N° 2075

The No 2075 lever is traditional in form and reminiscent of American Moderne design of the 1930s. The handle replaces classical molding details with a series of steps at the handle's end and at the rose to invoke a sense of solidity and structure. A series of other roses can also be provided with this handle. Finishes available include burnished brass, polished chrome, satin nickel and dark oxidized bronze as well as a large selection of other plated and patinated finishes. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.

Length: 5-1/4"

Projection: 2-7/8"

Rose Diameter: 2-1/8"

Lever Style: Transitional

Collection: Art Deco
