

N° 2077

The No 2077 French ogee lever, designed by Steven Sclaroff, reinterprets traditional forms to reach a new height of sophistication. The sides of the lever have repeated ogee profiles, which create a dynamic shape that evokes traditional French hardware. Perfect for either traditional or modern settings, suitable finishes include burnished brass, burnished nickel, silver plate and antique gold as well as a vast range of other plated and patinated finishes. It can be used in combination with its companion No 1011 French ogee knob and can be provided with a wide array of alternative rose designs. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.

Length: 4-1/4"

Projection: 2-7/8"

Rose Diameter: 2-5/8" x 1-3/8"

Collection: The Drum
