

N° 2082

The No 2082 modern lever reflects the aesthetic of Machine Age precision. The rectangular bar of the handle passes through a fitted sleeve, which in turn is attached to the cylindrical shank. The purity of the design is appropriate for both high-style modern and eclectic interiors. Recommended finishes include satin nickel, polished brass, pewter and silver plate, though all NANZ plated and patinated finishes are available. An array of alternative rose designs is available. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.

Length: 4"

Projection: 2-1/8"

Rose Diameter: 1-3/4"

Lever Style: Modern

Collection: Minimal
