

N° 2086

Multiple astragals lend the No 2086 Georgian lever a sense of sophistication while allowing the overall aesthetic of the handle to retain a simple geometry. A round boss that completes the ogee terminus further accents the handle. An oversized version has been designed for use with entry doors and other special applications. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. All Nanz plated and patinated finishes are available. The lever measures 4-3/8" in length and has a projection of 3".

Length: 4-3/8"

Projection: 3"
