NANZ

N° 2096

The No 2096 represents the purity of modern design. A thin plane comprises the handle, which runs tangent to the cylindrical shank. The circular rose with exposed screws infuses the lever's ideal forms with a functional aesthetic. This lever can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. All NANZ plated and patinated finishes are available.

LENGTH	4-5/8"
PROJECTION	2-3/8"
ROSE DIAMETER	2-1/4"
