NANZ

### N° 21.12

The No 21.12 Federal toothbrush holder, based on an antique design, holds up to five toothbrushes. A boss raised by a cove fixes the elegantly curved holder to the arched post, which in turn is secured by an ovolo-and-step rectangular backplate. A comprehensive suite of aesthetically related bath hardware is also available, including towel rings, robe hooks, and glass towel rods, as are twelve NANZ plated and patinated finishes.
