

### N° 21.27

The Bauhaus toothbrush holder combines a classic design supported by a square backplate and exposed fasteners. It holds up to five toothbrushes. A boss raised by a cove fixes the elegantly curved holder to the arched post, which in turn is secured by an ogee-profile, astragal-encircled backplate. A comprehensive suite of aesthetically related bath hardware is also available, including towel rings, robe hooks, and glass towel rods, as are twelve Nanz plated and patinated finishes.
