

N° 2120

The No 2120 reed & ribbon Louis XVI lever reflects the delicate neoclassicism of mid-18th-century France, before the ponderous appropriations of Napoleon Bonaparte. The reeds spring from acanthus leaves at the shank and are elegantly crossed by ribbons, creating a decorative yet balanced handle. Ribbon-bound reeds encircle the rose. Appropriate finishes include antique gold, antique silver, burnished brass and pewter, though all NANZ plated and patinated finishes are available. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors as well as tilt & turn windows.
