

N° 2180

The No 2180 bamboo lever is an American design of the early 1970s. It was inspired by the rage for bamboo and all things exotic. The bamboo shaped handle meets a curved shank on an ogee-profiled rose. Recommended finishes include satin nickel, dark oxidized bronze, polished brass, and pewter. A multitude of alternative rose designs are also available with this handle. It can be used with traditional full-mortise locksets or manufactured for use with multi-point doors as well as tilt & turn windows. All Nanz plated and patinated finishes are available.

Length: 4-1/4"

Projection: 2-1/4"

Lever Style: Eclectic
