

N° 2335

The No 2335 lever is derived from Baroque designs popularized throughout the new world in the 18th century. Its classic profile has been streamlined and updated, featuring an urn-shaped terminal with ogival face. While this lever is suitable for traditional interiors, unconventional finishes like burnished nickel can adapt it to more eclectic environments. The handle can be used with full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. A variety of alternative rose designs may be specified, and all Nanz plated and patinated finishes are available.

Length: 4-1/8"

Projection: 2-1/2"

Rose Diameter: 2-7/8"

Lever Style: Transitional

Collection: Edwardian
