SHAMSHIRI

Nº 2780 AC

Studio Shamshiri and NANZ developed the varied handles through drawings, models, prototypes and a thoughtful manipulation of good ideas. The LA Collection draws from the diverse textures of California's urban and coastal environments. Exploring the interplay of materials, we believe the hardware evokes the city's natural beauty. The Nº 2780 Arched Lever may be specified with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. All NANZ plated and patinated finishes are available.

Length: 3-3/4"
Projection: 1-1/4"
