

N° 2905

The No 2905 lever dates from the late 19th century and reflects movements in Great Britain and America to produce well-designed, handmade commodities that reject industrial production. The gentle curve of the handle scrolls around and ends in a heart-shaped leaf. The cusped rose with two exposed screws continues the tradition of gothic motifs that were revived in the 19th century. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. Recommended finishes include dark oxidized bronze, antique brass, and pewter. All Nanz plated and patinated finishes are available, as are alternative rose designs.

Length: 4-1/4"

Projection: 2-5/8"

Backplate: 1-1/2" x 3"

Lever Style: Transitional
