

## N° 2911

Created for a house on the east end of Long Island, the No 2911 lever is inspired by a Turrítella shell. Set on a highly-shaped, ogee-filled rose, the detailed handle gently tapers to a scrolled end. This lever can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. Recommended finishes include dark oxidized bronze, burnished nickel, antique brass, polished nickel and pewter. All Nanz plated and patinated finishes and a wide array of rose designs are available.

*\*Special Product: Due to the production process, tooling and fixturing may be required prior to order fulfillment.*

Length: 4-5/8"

Projection: 2-3/4"
