

N° 3402BF

The N° 3402BF self-closing hinge is operated by an internal spring. The tension is adjustable. It is generally specified for industrial, commercial, and residential conditions which require doors to be self-closing. The hinge is UL listed for fire door applications. Please provide door weight, height, and thickness when ordering. The hinge is shown with ball finials; button tips are also available. Please speak with a Nanz associate for information on available finishes.

Height: 8-3/4"
Width: 5"
Leaf Gauge: 1/8"
Knuckle Diameter: 1-3/16"
