

NANZ®

N° 3565 450x450 RK

The San Simeon collection is an homage to Julia Morgan's work at San Simeon's Hearst Castle. The collection exudes the signature elements of Morgan's approach to architecture - embracing outstanding craftsmanship with a keen attention to scale, proportion and detail. The N° 3565 two knuckle butt hinge features a bushing with roped knurling. While modern in design, the simple cylindrical knuckles make the hinge suitable for traditional interiors as well. As is true with all hinges, NANZ can manufacture custom versions in any size required. Shown here in Burnished Brass, all NANZ plated and patinated finishes are available.
