

NANZ

N° 3581

The No 3581 two knuckle lift-off butt hinge has a radiused bushing between the faceted knuckles. A stepped shallow dome terminates each octagonal knuckle. The design is appropriate for traditional as well as contemporary interiors. The hinge is handed; a right-hand hinge is shown. As is true with all hinges, NANZ can manufacture custom versions in any size required. All NANZ plated and patinated finishes are available.
