

NANZ®

N° 3754 500 x 400 RS

The Montecito collection echoes the iconic elements of Spanish Colonial Revival architecture: hand-hammered surfaces, Moorish quatrefoils, and classic scrolled detailing - both graceful and textural to the hand, evoking an elegance of living. The N° 3754 modern lift-off hinge, sometimes called a paumelle, features a Provincial Spade finial to compliment the collection. The upper and lower cylindrical knuckles are separated by a disk-shaped bearing that creates a sense of proportion. NANZ also manufactures a matching cabinetry paumelle hinge. Shown here in Medium Antique Brass, all NANZ plated and patinated finishes are available.
