

N° 3755

The N° 3755 paumelle hinge employs an interior bearing system for smooth operation with heavy as well as standard doors. Unlike most competing products which are made in parts and soldered together, the N° 3755 is of solid forging, making it both stronger and more attractive. The hinge is handed; a right-hand hinge is shown. All Nanz plated and patinated finishes are available.

Height x Width: 9"x4-1/2"
