

N° 40051

Designed in collaboration with Suzanne Tucker, the San Simeon collection is an homage to Julia Morgan's work at San Simeon's Hearst Castle. The collection exudes the signature elements of Morgan's approach to architecture - embracing outstanding craftsmanship with a keen attention to scale, proportion and detail. The N° 40051 oval thumbturn can be used with all NANZ full mortise locksets. A distinctive astragal edge surrounds the face of the thumbturn, complementing the collection. A roped astragal and cove enliven the rose. Shown here in Burnished Brass, all NANZ plated and patinated finishes are available.
