

N° 4921

The N° 4921 is designed to emphasize elegant fluidity and modern simplicity. Geometric in shape, this thumbturn is a harmony of form and function and pairs with the No 2921 lever, based on a design by Gio Ponti from the 1950s. All NANZ plated and patinated finishes are available.

Projection: 5/8"
Height x Width: 1-3/4" x 1"
