

N° 5544PP

The N° 5544PP escutcheon with vaulted ends and ribbed border is reminiscent of a transitional style of the 15th century. The elaborate trefoil motif departs from the commonly associated tracery of the time making this escutcheon a unique piece suitable to accompany various styles of knobs and levers. The escutcheon can be used simply as a push plate, or drilled for use with a handle, thumbturn or cylinder. Most NANZ levers, knobs, and thumbturns can be ordered with the escutcheon. Custom sizes are available upon request. All NANZ plated and patinated finishes are available.

*Special Product: Due to the production process, tooling and fixturing may be required prior to order fulfillment.
