

N° 5713BPC

The N° 5713BPC demilune escutcheon plate has a stepped astragal molding around the edge with a small cove forming a transition to the face of the plate. It can be used simply as a push plate, or drilled for use with a handle, thumbturn or cylinder. All NANZ plated and patinated finishes are available.

Height: 9-3/8"

Width: 1-5/8"
