

N° 5754KE

The N° 5754KE escutcheon plate with eased edges and rounded corners is designed to be used with Multi-Point locking systems and can be provided with a cut-out for profile cylinder or thumb turn or simply applied as a push plate. As Multi-Point systems vary greatly in configuration, it is necessary to provide exact specifications of the lock being used on a project before the escutcheon can be manufactured. Custom sizes are available upon request. All NANZ plated and patinated finishes are available.

Height: 9-3/8"

Width: 1-3/8"

Collection: Domus
