

N° 4812

Emergency release grommets are suitable for use with interior mortise locksets and thumbturns when a minimum of visible hardware is desired. The half-round molding of the N° 4812 is generally paired with handles originating from the early decades of the 20th century, though it is equally complements traditional handles. All NANZ plated and patinated finishes are available.

Diameter: 5/8"

Projection: 1/8"

Depth: 1/4"
