

## N° 5841KE

The N° 5841 escutcheon features decorative elements revived from a gothic style and is designed to be used with Multi-Point locking systems. The escutcheon can be provided with a cut-out for profile cylinder or thumbturn or simply applied as a push plate. As Multi-Point systems vary greatly in configuration, it is necessary to provide exact specifications of the lock being used on a project before the escutcheon can be manufactured. Most Nanz levers can be modified for use with Multi-Point locks. Custom sizes are available upon request. All Nanz plated and patinated finishes are available.

Height: 8-3/4"

Width: 2"

Projection: 1/8"

Collection: Ornamental
