

N° 5842KE

The N° 5842 Louis XVI escutcheon blossoms with flourishes reminiscent of a late baroque style. The escutcheon retains a modest form with its symmetry and clean linear definition. It is designed to be used with Multi-Point locking systems and can be provided with a cut-out for profile cylinder or thumbturn or simply applied as a push plate. As Multi-Point systems vary greatly in configuration, it is necessary to provide exact specifications of the lock being used on a project before the escutcheon can be manufactured. Most NANZ levers can be modified for use with Multi-Point locks. Custom sizes are available upon request. All NANZ plated and patinated finishes are available.

Height: 8-3/4"
Width: 2"
Diameter: 1/8"
Collection: Ornamental
