

N° 5842KE

The N° 5842 Louis XVI escutcheon blossoms with flourishes reminiscent of a late baroque style. The escutcheon retains a modest form with its symmetry and clean linear definition. It is designed to be used with Multi-Point locking systems and can be provided with a cut-out for profile cylinder or thumbturn or simply applied as a push plate. As Multi-Point systems vary greatly in configuration, it is necessary to provide exact specifications of the lock being used on a project before the escutcheon can be manufactured. Most Nanz levers can be modified for use with Multi-Point locks. Custom sizes are available upon request. All Nanz plated and patinated [finishes](#) are available.

Height: 8-3/4"
 Width: 2"
 Diameter: 1/8"
 Collection: Ornamental
