

Nº 4895

The N° 4895 traditional keyhole ferrule is designed to be mortised flush with the face of the door or cabinet. It can be used in conjunction with Nanz interior rim locks and full mortise locks. Five sizes are available. The correct keyhole is determined by the scale of the door and size of the key. All Nanz plated and patinated finishes are available.

Height: 5/8" 3/4" 15/16" 1" 1-1/8"
