NANZ®

No 6001LW

The No 6001LW leather wrapped modern recessed pull reflects the minimalist, rectilinear aesthetic developed in architecture and interior design during the middle of the 20th century. The clean, rectangular opening plays against the larger, offset rectangle of the faceplate covering the recess. This pull is designed for pocket doors. It can be ordered with or without a thumbturn, emergency release, or cylinder for use with the NANZ No 7621 privacy pocket door lock. Another version of this pull, the 6101, can also be provided for swinging doors. All NANZ plated and patinated finishes are available.
