NANZ

N° 6024BDR

The No 6024BDR drop ring pull achieves a simple elegance with the delicate profile of the lip and its beaded astragal, and the slight swelling at the center of the drop ring. With a circular shape and hidden fasteners, the No 6024BDR is a more formal solution when a low profile pull is required. The handle is designed to operate a mortise latchset. Doors thicker than 2" will accommodate a back-to-back application. The pull is available with beaded, roped or plain detail. All plated and patinated finishes are available.

DIAMETER	3"
PROJECTION	1/8"
DEPTH	7/16"
