

## Nº 6198

The No 6198 rectangular recessed pull is an expression of simple, elegant design. A quarter-round between two square-edged steps forms the pull's well-proportioned molding detail. It is often specified with the Nanz [No 7611](#) edge pull. It is available in another version, the [No 6398](#), with either a thumbturn or keyhole cutout for use with the [No 7621](#) privacy pocket door lock. All plated and patinated finishes are available.
