NANZ®

Nº 6410 600x225

Designed in collaboration with Suzanne Tucker, the Bel Air collection is luxurious “house jewelry” at its best. The Nº 6410 recessed pull with faceted face is designed to operate pocket doors. The pull is ornate in its octagonal geometry, and features a bold stepped astragal on the inner opening. Available as shown or with a thumbturn or with a keyhole cutout, it can be used alone on a sliding pocket door or in conjunction with a deadbolt. Shown here in Burnished Gold, all NANZ plated and patinated finishes are available.
