

NANZ

N° 6410 600x225

Designed in collaboration with Suzanne Tucker, the Bel Air collection is luxurious “house jewelry” at its best. The N° 6410 recessed pull with faceted face is designed to operate pocket doors. The pull is ornate in its octagonal geometry, and features a bold stepped astragal on the inner opening. Available as shown or with a thumbturn or with a keyhole cutout, it can be used alone on a sliding pocket door or in conjunction with a deadbolt. Shown here in Burnished Gold, all NANZ plated and patinated finishes are available.
