NANZ

N° 6428

The No 6428 recessed pull combines neoclassical molding details with a clean-lined modernism to produce an elegant, restrained design. The interior contains an ornamental turned compound cove surmounted by a boss at the center. An inner lip allows the pull to be used on pocket doors as well as swinging doors. Recommended finishes include antique gold, antique silver, pewter, and burnished brass, though all NANZ plated and patinated finishes are available.

HEIGHT	WIDTH	PROJECTION	DEPTH
2-1/4"	2-1/4"	1/16"	1/2"
3"	3"	1/16"	3/4"
4"	4"	1/16"	3/4"
