

NANZ

N° 6649

The No 6649 traditional pull is reminiscent of the European Baroque style. The handle swells out at the center. Each band is delineated by an astragal flanked by two steps. The pull terminates with base rosettes and gently stepped edges. It can be used for full-sized doors, as well as for shower and refrigerator doors. It is also offered as the 8649 in a size suitable for cabinetry. All NANZ plated and patinated finishes are available.
