

N° 6810W

The modern No 6810 wooden pull is inspired by Bauhaus elements. Its bold, cylindrical rod is clasped by two subtly flaring rectilinear posts. The pull, besides the commonly specified lengths, can also range up to 60" for full-sized shower and refrigerator doors, and can be used in back-to-back configurations. A smaller version, the No 8810, is available for cabinetry. All Nanz plated and patinated finishes are available.
