N° 6826R

The San Simeon collection is an homage to Julia Morgan's work at San Simeon's Hearst Castle. The collection exudes the signature elements of Morgan's approach to architecture - embracing outstanding craftsmanship with a keen attention to scale, proportion and detail. The N° 6826 handle swells in the center and terminates with base rosettes. The pull is available for full-sized, shower and refrigerator doors and can be used in back-to-back configurations. A smaller version, the N° 8826R, is available in lengths suitable for cabinetry. Shown here in Burnished Brass, all NANZ plated and patinated finishes are available.
