

N° 6936

Thru-door pulls are flush on three sides, and accordingly low-profile. The N° 6936 pull may be used on both passage pocket and passage swing doors. While initially specified for modernist interiors, designers have recently embraced thru-door pulls for traditional and transitional interiors. Available in all plated and patinated [finishes](#). Modifiable as necessary to accommodate 2-1/4" doors or alternate style and rail configurations.
