

N° 6942

Thru-door pulls are flush on three sides, and accordingly low-profile. The No 6942 pull may be used on passage pocket doors. While initially specified for modernist interiors, designers have recently embraced thru-door pulls for traditional and transitional interiors. Shown in Polished Nickel and RAL 9003, the 6942 is also available in all plated and patinated finishes. Modifiable as necessary to accommodate 2-1/4" doors or alternate style and rail configurations.

*Special Product: Due to the production process, tooling and fixturing may be required prior to order fulfillment.

Length: 3"

Height: 3"

Door Thickness: 1-3/4"
